Polin: The EAS was a rousing success for Turkish water slide manufacturer Polin. On the first day of the fair, the Polin team already signed an agreement to equip a new waterpark in Biskra, Algeria. The park, “Les Jardins des Zibans”, is scheduled to open in June of 2013. The demand for Polin’s “King Cobra” remains unrelenting. By the end of 2013, there will already be a total of 20 King Cobras throughout the world according to a very happy Sohret Pakis, Marketing Manager at Polin (l.).
