## Polin Waterparks and Pool Systems

POLIN continues to grow its global footprint and has been heavily promoting its new King Cobra ride, which debuted at IAAPA's Asian Attractions Expo in 2010 and will be ready for global installation in May.

Ozkan Ikiz, international sales executive for the Turkey-based company, said the China Attractions Expo provided an ideal opportunity for western suppliers to meet and discuss potential projects with those operating in the booming Chinese market.

"Lots of projects are going on here and we have met customers from China, South Korea and the Middle East, including Yemen, Saudi Arabia and Russia," he told *InterPark*. "Polin relies on the quality and diversity of its water rides to offer the best possible service for waterparks. We aim to provide the highest quality solutions that are customer oriented, cost efficient, high capacity and, of course, safe."
